

Cleaver TIF properties proposed to be demolished, facing Cleaver Blvd:

Cleaver TIF properties proposed to be demolished, facing 46th Street:

Below are additional 46th St. Streetscape photos of colonnade buildings next to the buildings proposed to be demolished. Colonnade structures have a blanket historical protection throughout Kansas City which helps prevent them from being torn down. One colonnade building is contained in the Cleaver TIF but due to their historical designation it will not be torn down.
